

Consulting Engineer

From Ontario Regulation 941:

- 56. (1)** The Council shall designate as a consulting engineer every applicant for the designation who,
- (a) is a Member;
 - (b) is currently engaged, and has been continuously engaged, for not less than two years or such lesser period as may be approved by the Council, in the independent practice of professional engineering in Canada;
 - (c) has, since becoming a Member, had five or more years of professional engineering experience that is satisfactory to the Council;
 - (d) has passed the examinations prescribed by the Council or has been exempted therefrom, pursuant to subsection (2).
- (2)** The Council may exempt an applicant from any of the examinations mentioned in clause (1) (d) where the Council is of the opinion that the applicant has appropriate qualifications.
- 57. (1)** Designation as a consulting engineer expires five years from the date of issuance of notice of the designation
- (2)** The Council shall redesignate as a consulting engineer every applicant who,
- (a) is a Member;
 - (b) is currently engaged in the independent practice of professional engineering in Canada; and
 - (c) has during the five years since the date of issue of the applicant's most recent designation as a consulting engineer had professional engineering experience satisfactory to the Council.
- 58.** The Registrar, upon the granting or refusing of an application for a designation or redesignation shall mail forthwith to the applicant a notice stating,...
- 59.** A Member who has been designated or redesignated as a consulting engineer may use the title "consulting engineer" or a variation thereof approved by Council from time to time so long as the Member is in the independent practice of professional engineering and the designation or redesignation is valid.
- 60.** For the purpose of this Regulation, a Member shall be deemed to be in the independent practice of professional engineering if the Member,
- (a) holds a certificate of authorization and is primarily engaged in offering or providing services within the practice of professional engineering to the public; or
 - (b) is a partner in or employee of a holder of a certificate of authorization, is designated in the application for the certificate as a person who will assume responsibility for and supervise the services of the holder that are within the practice of professional engineering and is primarily engaged in offering or providing, on behalf of the holder, services within the practice of professional engineering to the public.
