

Membership

5. (1) Every person who holds a licence is a member of the Association subject to any term, condition or limitation to which the licence is subject.

Powers of Minister

6. In addition to his or her other powers and duties under this Act, the Minister may,

- (a) review the activities of the Council;
- (b) request the Council to undertake activities that, in the opinion of the Minister, are necessary and advisable to carry out the intent of this Act;
- (c) advise the Council with respect to the implementation of this Act and the regulations and with respect to the methods used or proposed to be used by the Council to implement policies and to enforce its regulations and procedures.

Licensing requirement

12. (1) No person shall engage in the practice of professional engineering or hold himself, herself or itself out as engaging in the practice of professional engineering unless the person is the holder of a licence, a temporary licence, a provisional licence or a limited licence.

Certificate of authorization

12. (2) No person shall offer to the public or engage in the business of providing to the public services that are within the practice of professional engineering except under and in accordance with a certificate of authorization.

Corporation

13. A corporation that holds a certificate of authorization may provide services that are within the practice of professional engineering.

Membership

18. (5) A holder of a temporary licence, a provisional licence or a limited licence is not a member of the Association.

From Ontario Regulation 941:

Licences

From the Professional Engineers Act:

Issuance of licence

14. (1) The Registrar shall issue a licence to a natural person who applies therefor in accordance with the regulations and,

- (a) ~~is a citizen of Canada or has the status of a permanent resident of Canada;~~
- (b) is not less than eighteen years of age;
- (c) has complied with the academic requirements specified in the regulations for the issuance of the licence, including passing such examinations as the Council sets or approves in accordance with the regulations, or is exempted by the Council from complying with the requirements;
- (d) has complied with the experience requirements specified in the regulations for the issuance of the licence;
- (d.1) has complied with any other requirements specified in the regulations for the issuance of the licence; and
- (e) is of good character.

From Ontario Regulation 941:

33. (1) Each applicant for a licence shall comply with the following rules:

1. The applicant shall demonstrate that he or she has obtained,
 - i. bachelor's degree in an engineering program from a Canadian university that is accredited to the Council's satisfaction, or
 - ii. equivalent engineering educational qualifications recognized by the Council.
2. The applicant shall demonstrate that he or she has had 48 months of experience in the practice of professional engineering that, in the Council's opinion, provides sufficient experience to enable him or her to meet the generally accepted standards of practical skill required to engage in the practice of professional engineering.
3. Up to 12 months of the practical experience referred to in paragraph 2 may be acquired after the applicant has completed one-half of the classroom component of the degree or equivalent educational qualifications. The balance shall be acquired after the degree or equivalent educational qualifications are obtained.
4. At least 12 months of the balance referred to in paragraph 3 shall be acquired in a Canadian jurisdiction, under the supervision of one or more persons legally authorized to engage in the practice of professional engineering in that jurisdiction. However, the Council may vary or waive this requirement in circumstances in which it considers it to be in the public interest to do so.
5. The applicant shall successfully complete the Professional Practice Examination.
