

Limited Licence

From the Professional Engineers Act:

1. In this Act ... “limited licence” means a limited licence to engage in the practice of professional engineering issued under this Act.

Issuance of temporary, provisional or limited licence

18. (1) The Registrar shall issue a temporary licence, a provisional licence or a limited licence to a natural person who applies therefor in accordance with the regulations and who meets the requirements and qualifications for the issuance of the temporary licence, the provisional licence or the limited licence set out in the regulations.

Membership

18. (5) A holder of a temporary licence, a provisional licence or a limited licence is not a member of the Association.

From Ontario Regulation 941:

45. The following conditions apply to every limited licence:

1. The practice of professional engineering by the holder of the limited licence must be limited to the services specified in the limited licence.
2. When the holder of the limited licence ceases to provide the services specified in the limited licence, the holder must notify the Registrar and return to the Registrar the limited licence and the seal issued to the holder.

46. The requirements and qualifications for the issuance of a limited licence are:

1. One or more of the following:
 - i. A three-year diploma in engineering technology or a Bachelor of Technology degree in engineering technology from an institution approved by the Council.
 - ii. A four-year honours science degree in a discipline and from a university approved by the Council.
 - iii. Academic qualifications accepted by the Council as equivalent to a diploma or degree mentioned in subparagraph i or ii.
2. Thirteen years of experience in engineering work acceptable to the Council, including the years spent in obtaining the post-secondary academic training referred to in paragraph 1 with at least one year of such experience under the supervision and direction of a Member or Members or under the supervision of a person authorized to practice professional engineering in the province or territory in Canada in which the experience was acquired and at least the last two years of the experience in the services within the practice of professional engineering with respect to which the limited licence is to apply.
3. Payment of the fee prescribed by this Regulation for a limited licence.
4. Successful completion of the Professional Practice Examination.
5. Good character.

6. A holder of a limited licence who returns the limited licence and related seal to the Registrar and afterwards proposes to resume providing the services specified in the limited licence is entitled to be issued a new limited licence and related seal limited to the services specified in the previous limited licence.

55. (2) The following are the titles and abbreviations that may be used in the practice of professional engineering by the holder of a limited licence:

3. “Limited Engineering Licensee” or “titulaire de permis restreint d’ingénieur”.
4. “LEL” or “PRI”.
